This dynamic variant of the largest **SUV from ŠKODA** has characteristic black design elements such as the grille and exterior rear-view mirror covers.

The light alloy wheels also feature an anthracite finish. The sporty SUV will be available, too, with four-wheel drive and an automatic dual-clutch DSG transmission.

The **KODIAQ** SPORTLINE variant can be recognized also by its details such as chrome strips at the rear of the vehicle or the SPORTLINE logo on its sides. The rear bumper is individually designed.

The driver will feel the sporty ambiance also in the car's interior. The sport seats with Alcantara® upholstery and silver-coloured seams, for example, constitute an important element of that atmosphere.
